PROFILE

MA Digital Media student at Goldsmiths with a BA in Visual Communication Design. My work starts with research and an idea, then develops into visual, spatial or interactive projects. Seeking graduate roles in brand creative, brand design, visual design and concept development.

EDUCATION

Goldsmiths, University of London | MA Digital Media (Theory & Practice, Image Making) | Sep 2025 - Expected Sep 2026

Shanghai Institute of Visual Arts (SIVA) | BA Visual Communication Design - Brand Identity & Public Space | Sep 2020 - Jun 2024

SELECTED PROJECTS

Generative Healing | VR / Interactive Experience | 2026

- Created a first-person VR meditation experience exploring how a digital system can influence calm, choice and control. Developed the concept from research and designed the space, sound and interaction.
- Built and tested the VR prototype in Blender and Unreal Engine 5, including material changes, voice guidance and user interaction.

Trending Disasters | Installation / Moving Image | 2024

- Researched how social media, algorithms and advertising can turn disaster news into attention-driven content. Developed an in-car news concept and produced the final installation using live-action video, 3D and 2D visual effects.

Archetypes - Cherries | Interactive Installation | 2024

- Studied consumer behaviour and market grading through field observation and an eye-tracking test with 8 participants. Turned the findings into a sound-responsive mechanical installation about standards and group influence.

AI Voice & Sound Research | Independent Research | 2024 - Present

- Researched how AI-powered wellness platforms select and reuse voice and sound, focusing on platform design, cultural context and user influence.

Thorn Music Festival | Designer & Team Lead | 2022 - 2023

- Led a student team to create an MBTI-based Bilibili interaction for a music festival, linking audience profiles with festival characters; also contributed to promotional video and merchandise.

ADDITIONAL EXPERIENCE

DBW Gallery - Loading / Downloading / Overloaded | Designer | Apr - Jun 2023

- Developed interactive installation and graphic work; supported material selection and on-site installation.

Children's Community Public Space Exhibition | Designer | Feb - Jun 2023

- Co-designed an educational picture book and participatory drawing workshops for children; documented the design process and public activities.
